GRIN Verlag Feb 2012, 2012. Taschenbuch. Book Condition: Neu. 210x148x2 mm. This item is printed on demand - Print on Demand Neuware - Scholarly Research Paper from the year 2012 in the subject Politics - International Politics - Region: Africa, grade: -, - (Central University College - Department of French), course: Governance and Public Policy, language: English, abstract: This paper studies the practice of mob violence in the name of justice, and its implication to the rule of law in Ghana. The study is divided into three major part parts. The first part examines a number of conceptual issues of justice which serve as framework for the study. The second part evaluates a number of possible causes that elicit recourse to mob violence as a way of seeking equity and fairness. It also brings out the possible impacts of the practice on the rule of law, good governance and sustainable democratic development in Ghana. The paper rejects mob violence, mob justice , as an acceptable way of seeking justice, in the third part. This is done, taking cognizance of the conceptual framework set at the beginning. In effect, the paper turns the paradigm upside down, thus making of mob justice mob injustice. Consequently, the paper makes a number of recommendations that should be considered in an attempt to put an end to the practice in order to uphold the supremacy of the rule of law needed for the entrenchment of democracy and good governance in Ghana. 24 pp. Englisch.
