Game Development with Unity (2nd Revised edition)

By Michelle Menard, Bryan Wagstaff

Cengage Learning, Inc. Paperback. Book Condition: new. BRAND NEW, Game Development with Unity (2nd Revised edition), Michelle Menard, Bryan Wagstaff, The Unity engine game development tool is a multi-platform engine and editor rolled into one. It is an ideal development tool for independent developers and students, and many pro studios turn to it for fast prototyping. Unity allows developers to create a single game and release it on many platforms including Android, iOS, and the web. This completely updated edition of Game Development With Unity is a tutorial-style guide that provides a complete overview of the Unity editor along with step-by-step projects covering every basic functional aspect, from asset importing to publishing. Each chapter includes tutorials and small assignments geared toward making a larger game. You will learn the basics of design and level theory and prototyping concepts in the virtual world. You will also learn how to polish and publish your finished game. A companion website features software, sample levels, source code and more. Start learning Unity today with Game Development With Unity, Second Edition.
