Brand New Book ***** Print on Demand *****.In a parallel universe the Faithful believe that the Futama will deliver them from the despotic empress, Prua Landi. They send emissaries back in time, who persuade Joe Laing to exchange his life in the early twenty-first century for an era seven-hundred millennia into his future. In that distant time Prua Landi is attempting to exterminate every member of the Faithful sect. Joe is captured, and the empress tortures him with powerful mental probes before killing him with a violent telepathic thrust. The vile act is witnessed by Sennit, a palace servant. The empress steps up her systematic extermination of the Faithful, unaware that an enclave has survived, hidden within an underground complex. The survivors are barely managing to maintain their existence on little more than starvation rations. The death of their legendary leader has been a bitter blow, but even so they refuse to abandon hope of salvation from Prua Landi's tyranny. The Faithful develop a daring plan to enlist the help of a Futama from a parallel reality, and so begin research towards their goal. Prua Landi hears rumours of the research, and realises that if separate realities exist, she must beat the Faithful to the prize. If she eliminates the Futama in other universes, she can expand her empire. The race is on! Sennit had found sanctuary in the one place where the empress would never consider looking for members of the Faithful: within her palace. Three years have elapsed since the Futama's death, and when Sennit hears the empress and her cousin discussing plans for research into parallel realities, he absconds and seeks the last Faithful stronghold. After many months Sennit reaches...
