The Naming of the Shrew: A Curious History of Latin Names

By John Wright

Bloomsbury Publishing PLC. Paperback. Book Condition: new. BRAND NEW, The Naming of the Shrew: A Curious History of Latin Names, John Wright, Latin names - frequently unpronounceable, all too often wrong and always a tiny puzzle to unravel - have been annoying the layman since they first became formalised as scientific terms in the eighteenth century. Why on earth has the entirely land-loving Eastern Mole been named *Scalopus aquaticus*, or the Oxford Ragwort been called *Senecio squalidus* - 'dirty old man'? What were naturalists thinking when they called a beetle *Agrakatewinsletae*, a genus of fish Batman, and a Trilobite Han solo? Why is zoology replete with names such as *Chloris chloris chloris* (the greenfinch), and *Gorilla gorilla gorilla* (a species of, well gorilla)? The Naming of the Shrew will unveil these mysteries, exploring the history, celebrating their poetic nature and revealing how naturalists sometimes get things so terribly wrong. With wonderfully witty style and captivating narrative, this book will make you see Latin names in a whole new light.

Reviews

It is one of the most popular ebooks. It usually fails to price an excessive amount of. It has been printed in an extremely basic way in fact it is merely right after I finished reading through this book in which really altered me, change the way I believe.

-- **Sigrid Brown**

Absolutely one of the best pdfs we have ever read. I really could comprehend every little thing using this written ebook. I am easily could get a satisfaction of reading a written publication.
