These were the unspoken mantras of the proponents of New Thought, the mystical movement at the turn of the 20th century that sought to unleash the forces of the universe within humanity. One of the most influential thinkers of this early New Age philosophy promises here, in this 1909 book, to show the reader how to spread the glad tidings of Health and Strength, by using the bodys Prana, or Vital Force; by direct control of the bodys cells via the mind, or mental healing; and by calling the light of higher thought down on the body, or spiritual healing. An appreciation of our higher nature, the yogi reminds us, will result in an healthy sense of physical rejuvenation. A century later, its a lesson many of us in our anxious, stressful times-can continue to benefit from.
