HACHETTE EDUCATION, 2007. soft. Book Condition: NEUF. Un manuel qui répond aux attentes liées à l'évolution de l'enseignement des langues vivantes.- il prend en compte les quatre notions du programme culturel de première (domination, influence, opposition, révolte). - il intègre l'entraînement des activités langagières de réception et de production (compréhension orale et écrite / expression orale et écrite) en lien avec le cecrl, ainsi que la démarche actionnelle qui place l'élève en situation de réaliser seul ou en groupe différentes tâches.- il prépare aux nouvelles épreuves du baccalauréat stg qui doivent permettre, à terme, d'évaluer l'ensemble des activités langagières à partir de supports très variés. Sa conception spécifique pour les classes de première des séries technologiques repose notamment sur : - des textes choisis de façon à obtenir une gradation progressive vers la difficulté, une place essentielle accordée à la compréhension dans la démarche proposée, des aides lexicales et grammaticales nombreuses, un questionnement adapté qui ne fait pas entrave à l'expression.Un méthode complète, avec un véritable guide pédagogique pour accompagner l'enseignant dans l'utilisation du manuel (mise en oeuvre du cecrl, grilles d'auto-évaluation, pistes pédagogiques, activités complémentaires) et un cd audio/vidéo pour la classe. - Nombre de page(s) : 208 - Poids : 552g - Genre : Enseignement général Lycées techniques.
